A blonde woman with long, wavy hair is sitting on a bed with a tufted headboard. She is wearing a white lace bra and matching lace underwear, with a sheer white cardigan over her shoulders. She is also wearing a gold and silver necklace and large, ornate earrings. She is looking directly at the camera with a slight smile.

Spencer is just one of those girls. Oh, don't let her amazing good looks and stunning body turn your head. She's one of those girls who will eat you up and then spit you out (unless she decides to swallow). Then she'll look at you with those big hazel eyes and you'll ask her to do it again.

George is visiting and I'm sharing a little bit more than my home with him

## A GOOD TIME HAD BY ALL

It's just another cold night in the middle of winter and I'm sitting in front of my computer trying to write about one of the most amazing weeks of my life! My good friend of twenty-five years, George, came to visit me for a week. We played tennis and some golf and took to hiking a wilderness park a couple miles from my house. George wasn't used to all the walking and exercise I put him through as we explored parts of the local wilderness. When we returned from the jaunt, George and my wife, Brenda broke into the beer he bought the day before. He said his feet were quite sore and would love it if he could go into the whirlpool and relax. Brenda and I joined him and put on some background music.

Brenda sat between George and me in the spa. George and I had shorts on and Brenda was in a swimsuit. We all kicked back talking and sipping brews. Brenda put her feet up on the edge of the pool and asked us to massage her feet. George rubbed and had been moving up her leg rapidly while I was still rubbing her sole and heel. She put her head back with her eyes closed as his hands were up to her thigh. That got my attention and I figured it was time to help me introduce him to my wife more intimately. I grabbed his hand and guided it over her swimsuit-covered pussy. I moved the spandex fabric aside and inserted my finger between her labia and over her clit. I looked over to my friend who was smiling ear to ear. Having finished our drinks, I decided to go into the house to

grab another round of beers for everyone.

Upon returning, it seemed as if George had gotten better acquainted with my wife. I saw her swimsuit laying on the ground next to the whirlpool and she was sitting naked beside him laughing and talking while rubbing his feet! I suggested he join me as we each suckled at her breasts. Brenda reached down and helped us each remove our swim trunks and tossed them out of the spa. It was an absolutely erotic scene that was consented to by all of us. It seemed as if Brenda was thoroughly enjoying being fondled by two men. I enjoyed seeing my best friend appreciate my wife, and he was enjoying have a female who desired his touch and attention. I watched his hand slide back into the depths of her labia to stroke her clit. We caressed her and she returned the favor to both of us. The outside was starting to get as hot as the bubbly water so she thought we would all be more comfortable inside the house, maybe go up to the bedroom?

We got out and dried off and made a naked parade into the house and up the stairs. As she lay on the bed, George and I followed and gave her oral attention between sips of our drinks. She told George to put on a condom that we have in the drawer. Well, it wasn't a minute later that his covered cock entered my wife. It was the first time she had allowed another man inside her. He complained that he couldn't feel anything, but I knew that was a lie. Brenda was giving me a handjob as I watched George thrust into Brenda. She asked me

how I felt having my best friend fucking her. I told her it was hot. George and I high-fived one another as he continued his assault on her pussy. Sadly for Brenda, it was almost over too soon as George emptied his semen into the tip of the condom as he held himself inside my slut wife. We switched places and I plowed

After reaching yet another orgasm induced by the tongue lashing given by her new lover, Brenda flipped back onto her back. Immediately, George jumped back between her legs and penetrated her pussy, but the condom he had come off, so he was doing her bareback without her approval. She was so exhausted

into her pussy as she removed his condom and sucked his dribbling cock. What a horny sight it was to look at her lips locked around the head of his cock, knowing her tongue was lapping up George's cum. I realized she was probably not going to remember what she was doing, so I got up just long enough to grab the camcorder and began recording our actions. As it turned out, George didn't remember much, either.

After about ten minutes of hardcore fucking, I blasted my load into her vagina. Brenda swung over and got on her hands and knees, telling George to get behind her, but she told him to put on a new condom. He started whining again, but she insisted. I laid on the bed and she sucked my dick as he tried to ram his semi-erect penis back into the abused hole of my spouse. His attempts at getting back inside were getting weak as it was late, everyone was tired and drunk, and Brenda has a high ass due to her long legs, so George would only be able to penetrate her if he was on a booster seat. I told him to flip on his back and she could lower her cunt onto his face. He did as I instructed. Of course, he didn't realize that my cum would be leaking out as he licked her clit and sucked her pussy lips. The combination of our sex juices were getting swallowed by my best friend. Brenda recognized the naughty act being committed and leaned up to kiss me hard on my lips as she got even wetter, dripping her cum-filled snatch into George's mouth.

that she didn't notice as his naked prick popped inside her vaginal canal. I continued to record the action as his hairy balls slapped against her anus. Brenda asked George, "Am I bad?"

She was in total ecstasy as I smacked her buttock that was exposed as George was holding her ankles up by his neck. George pulled out and spewed a massive amount of semen onto the crotch and belly of Brenda. She rubbed her hand through it and jammed it into her cunt. I jumped back in between her legs and imagined that I was helping to push his cum deeper inside. His cum was smeared on her belly and shaved pussy as I slammed hard into her. Within a few minutes, I did as George filmed the climax.

It was early morning we finally crashed. The next morning would be very interesting. I got up and made breakfast. George was very quiet around me, possibly ashamed that he took advantage of the situation. I reassured him that it was something we all wanted, we are all adults, and I wouldn't ever tell his wife. That eased his mind. He thought I would be mad at him, but once he discovered that he had helped fulfill one of my fantasies and made Brenda feel good, he was more relaxed. The next night was without incident as we all still tired and hung over from the night before, but the following night, he wanted to go back into the spa to relax his leg muscles from the hike he and I took earlier that day. He wasn't used to getting that level of exercise. He got more than expected when Brenda

joined us, this time none of us wore swimsuits as we entered the water.

The beers emptied and I went back into the kitchen to get a few more. It came as no shock, though, when I came back out to see my wife mounted on George. She was grinding her pussy onto his stiff cock. She leaned into him allowing him to suck her nipples as she braced herself. Within seconds, he was blasting his cum into her pussy, this time without any attempt to pull out. I was happy to see them both so ecstatic as they had a proper fuck. I was looking forward to feeling my cock enter her pussy. Brenda was absolutely loving being a cum slut. I knew this was something she never would have done with someone else. I laughed out loud at George, realizing how quickly he shoots his load.

Brenda looked at me as she slowly rolled her tongue up and down my long shaft, covering it with her saliva. She teased my cock head a little by flicking her

shouted as I lifted her on top of me and pushed my tongue deep and hard into her pussy as I felt her hands move back down to cock. My tongue working slowly at first, sliding in and out against her pussy lips, till I found the clit. I began to flick my tongue against it. Brenda leaned forward and moved her body against my tongue as she stroked my cock, keeping it wet and hard. My hands grabbed her ass as I licked her pussy up and down, sucking hard on her clit. My hand smacked her ass hard, grabbing it as I continued on assault on her dripping cunt. She came all over my mouth and finished me off with a slippery hand job that was second to none!

George's week ended and when we dropped him off at the airport, it was rather awkward because Brenda didn't know whether to just give him a hug or a loving kiss. My best friend and I have shared many things together over the past few years, and I think it doesn't

tongue up and down against it. The sensation caused my body to jump a little from the sensation. She then moves her mouth over the head and slowly pushes my cock deep down her mouth and throat, making her gag a little before sliding it out. I moan as one hand massages her breasts and the other rests on her head. George watched as her saliva dripped from her mouth and covered my cock and balls.

As Brenda continued to suck on my cock slowly as she grabbed my hand and slid it down over her pussy. My fingers began to rub over her moist lips, pushing against them as I slid them up and down. George's eyes watching us as she stroked and sucked my cock slowly, covering it with her spit. I slid down flat on the bed, lifting her up onto my face and burying it deep into her dripping and slimy wet pussy. Brenda

get much more "sharing" than to share a wife. He was not looking forward to returning to his own wife who neglects and uses him, which is why Brenda said she wanted to treat him to a little fun. He said he'd be anxiously waiting for his next visit. In fact, he said if he wasn't married, he'd be moving here. I told him I didn't think we could share her forever. Brenda and I have been having better sex since he left. She tells me that she thinks about him and wants us to give her the double penetration I had promised her a long time ago.

I've finished my story and am going to put the computer away because I hear her coming up the stairs. It's time for a little massage to get us in the mood and then hours of beautiful married bliss.

"Hi baby, come in. I finished the story. Wanna give it a read?"

the butt  
is back

When I knew I was going to do this photo shoot, I went to the gym every day, working on my butt. Winter made it tough to go work out. But now, I'm all into it. I mean just look at these thighs, look at this ass! I want my guy to have something firm to hold onto as he fucks me doggy-style.

# APHRODISIAC GUIDE

*WHICH ONES WORK, WHICH ONES DON'T. THE SEARCH FOR THE ELIXIR OF LOVE...*

Throughout history, every culture has been interested in finding a magic love potion or aphrodisiac substance that drive men and women mad with passion. The word aphrodisiac comes from the name of the Greek goddess of love, Aphrodite. According to the myth, Aphrodite was born from the foam of the sea. Consequently, many seafood—chiefly caviar, clams, eels and oysters—are thought to contain aphrodisiacal properties.

**Caviar**, a high-protein food, was particularly popular because of its obvious place in the fishes reproductive cycle.

**Eels** are rich in phosphorus, which stimulates the bladder and facilitates an erection. The phallic appearance of the eel added to its renown.

**Oysters**—perhaps the most famous of all aphrodisiacs—and clams resemble the testicles, which is often said to account for their fame. But I love these foods may be considered healthful (and good health is necessary for a good sexual performance), the repeated passion-generating powers are almost negligible.

## **Fugu**

Another fish however is one of the world's most reliably potent aphrodisiacs, and has enjoyed some popularity in Japan. The fugu, a species of puffer fish, is served raw and its testicular fluid is mixed with hot sake and then drunk, resulting in greatly increased libidinous urges. One problem: the ovaries and liver of the fish contain a deadly nerve poison. Surgical skill is required to become a licensed fugu chef, but nevertheless several hundred people each year bite the dust via fugu in search of the ultimate orgasm.

## **Prairie Oysters**

In the Victorian era men suffering from impotence, or those who wished to increase their reputations as lovers, believed "prairie oysters" would be helpful. Prairie oysters were actually bulls' testicles and were eaten absolutely fresh and raw. Bulls' testicles do contain a fair amount of the male sex hormone, which might increase potency, but since most of the hormone is destroyed by the gastric juices, it was a desperate remedy at best.

## **Asparagus**

Asparagus has also enjoyed some fame as an aphrodisiac. The vegetable contains a diuretic, which increases the amount of urine and excites the urinary passages. Asparagus has a good amount of potassium, phosphorus and calcium, all necessary for a high energy level. However, asparagus also contains aspartic acid, which neutralizes excess ammonia in the body and may cause sexual disinterest. Like celery and sausages (especially the thick Polish kielbasa), two other long, firm, phallic-resembling foods, it was believed about asparagus that "like breeds like."

## **Honey, Garlic and "Love Fruit"**

Other common foods with reported aphrodisiacal powers are honey, garlic and peaches. Honey is highly nutritious and rich in minerals, amino acids, enzymes, and B-complex vitamins. Nice enough, but not a cure for a whooping cough and a protection against vampires.

Even though garlic doesn't seem to work too well as a sexual aid, and the resulting bad breath is hardly a turn-on, it is still touted for good health.

The peach tree was sacred to Venus, the Roman love goddess, and peaches have enjoyed a wide reputation as a "love fruit." The Chinese considered the fruit's juice as similar to the effluvia of the vagina, and both the Chinese and the Arabs regard the peach's deep fur-edged cleft as symbolic of the female genitals. In fact, a "peach house" was once a common English slang term for house of prostitution. Though fruit, as your mother always told you are good for you, the peach lacks any scientific basis as a sexual aid.

## **Truffles**

Truffles, the expensive underground mushroom-like fungi, were praised by many for their purported libido-increasing properties. As an old French proverb warns, "Those who wish to lead virtuous lives should abstain from truffles." The truffle scarcity has been responsible for its fame, but a good steak dinner might be more exciting.

Though the belief in the aphrodisiacal power of such a

foods as oysters, honey and truffles has declined over the years, the search for the perfect elixir of love continues. The Chinese once believed that a powdered rhinoceros horn was a most potent aphrodisiac. The wish that “If only my cock resembled a rhino’s horn, I’d have no problems” caught on, and severely reduced the rhinoceros population, putting them on the endangered species list. Rhinos were routinely slaughtered in search of the powers medically attributed to the horns.

A large measure of an aphrodisiac’s true effectiveness is psychologically based. If a person believes it fresh ginseng, root—or any other substance for that matter—has aphrodisiacal ability, consuming, it may result in sufficient self-confidence so that sexual prowess does increase. If natural foods could not provide a 100% effective aphrodisiac, many held high hopes science could come up with something. In the 1800s, the drug yohimbine, made from the powdered inner bark of an African tree, was acclaimed as a sure way to make even the dullest person sexually insatiable. The drug was useless.

Another drug with the same claim carries the name nux vomica, better known as strychnine, or rat poison. This drug kills by making the central nervous system extremely sensitive to the slightest stimulation. In minute doses strychnine may increase sexual response, but a bit too much and you’ll never be seen at a singles bar again.

#### **Spanish Fly**

Much has been made over the years of Spanish fly. Urban legend has been said about icy virgins who, after a dose of Spanish fly, would carry on with just about anything they could find to satisfy their insatiable lust, from gearshift levers to even fire hydrants.

Spanish fly is made from small iridescent beetles found in Spain and France. The insects are dried and pulverized, then chemically treated to extract a drug called cantharidin, a tremendously effective aphrodisiac—for large farm animals. In humans, there is a little difference between a dose that works and it dose that kills.

#### **The Ones That Work**

There are the effective aphrodisiacs available today. The ongoing fascination with dieting and increased interest in herbal medicines has unearthed several aphrodisiacs:

**Lecithin:** A dietary supplement called lecithin, available in liquid and granular form, is essential to the sex drive. Lecithin is a crucial component of semen, and is the raw material for male hormones.

**Vitamin E:** Vitamin E is essential for sexual performance, but no more so than many other nutrients. In addition, high doses of vitamin C and B-complex vitamins couldn’t hurt.

**Zinc:** While at the pharmacy or natural-foods store, a zinc supplement should ask be purchased, especially by men who enjoy an active sex life, since zinc is important for the development of sperm and seminal fluid.

**Tambuli:** Herbs have been used for their medicinal properties since the dawn of humankind. The folk medicine used by many cultures invariably includes an herbal brew that is proclaimed to be an aphrodisiac. The choice for millions of Asians is the seeds of the betal nut mixed with burnt lime, and catechu gum or gambier. This concoction, generally flavored with nutmeg or cloves and wrapped in a betal pepper, is called tambuli. Tambuli acts as a general simulant, particularly when it comes to amorous activities.

**Damiana:** The herb damiana was used extensively by the ancient Aztecs. A drink made from the herb had once become popular as an aphrodisiac. Damiana is readily available at health food stores.

#### **Miscellaneous**

**herbs:** Among other aphrodisiac herbs available are the seeds of the Malay scurf pea, the root of the Zambian confetti tree, musk seeds, sarsaparilla and saw palmetto berries. These are harmless unless used to great excess.

#### **Alcohol**

Alcohol, the most popular drug in all of history, has always been claimed to be an aid to seduction. “Give her a few drinks, and she’ll do anything” has long been a part of the conventional wisdom. Acting as a tranquilizer,

alcohol reduces inhibitions and tensions. However, as many men have learned after one drink too many, though the spirit may be willing, the erection is weak. Alcohol is also widely abused, and alcoholics have terrible sex lives.

#### **Other Legal (and Not So Legal) Potions**

Marijuana and LSD have scientifically documented aphrodisiac properties. Now legal in an increasing number of states, studies of the dangers of long-term marijuana use are inconclusive. LSD, on the other hand, can be dangerous.

But in comparison with some of the useless foods and really deadly drugs like cantharidin, marijuana is said to be among the best aphrodisiacs ever available.

Aphrodisiacs have come a long way. Whatever path you choose to follow on the way to sexual ecstasy, always check with a healthcare provider to make sure it’s right for you.

oh my,  
what to do  
with these?

When these three finally get to be alone they can go awfully wild. They can't get into trouble just because they want to fuck all day. Shaved clean and smooth, Kicsi gets the party started sucking both cocks to rigid attention. There's little to get in the way of her oral pleasuring. Before finishing them off, it's time for a good stuffing of her willing holes. We couldn't stick around to the end since we ran out of tissue.
